## Summary

I am a front-end web developer with 4 years of working experience in fields like sales, accounting and management. I combine my management expertise with technical skills and fully commit to consistency, meeting deadlines, and utilizing all available resources to achieve results.
I enjoy creating beautiful, accessible, and responsive websites using React.js, Vue.js, Vanilla JavaScript ES6+, Tailwind, Sass, CSS, and HTML.
Effective use of time, problem-solving, and communication skills help me show a positive attitude in complex situations, and my desire to learn quickly adapts me to changing situations.
